Build Block Butter: A Laminated Pastry Dough

Bruce's Breads

Estimated, USDA-derived — per croissant (1/11 batch, ~106 g, unfilled)

⚠ CONTAINS

- Wheat/Gluten
- Milk
- Egg

Calories	~410 kcal
Total fat	~24 g
Protein	~7 g
Carbohydrates	~38 g
Dietary fiber	~1.5 g
Sugars	~4 g
Sodium	~330 mg

NOTABLE VITAMINS & MINERALS

- **European-style butter:** vitamin A and a fair amount of this recipe's saturated fat — the tradeoff that makes lamination work in the first place.
- **Whole milk:** calcium, vitamin D (if fortified), and B12.
- **Bread flour:** iron, thiamin, riboflavin, niacin, and folic acid, carried through here even at 70% of the blend.

This is a genuinely rich dough, nutritionally speaking — that's the whole point of lamination. Whatever you fill or top these with will shift the numbers further.

Estimated, USDA-derived figures — not a lab-verified nutrition label. Baked fresh, no preservatives.
