NOTABLE VITAMINS & MINERALS

- **Bread flour (enriched):** iron, thiamin, riboflavin, niacin, and folic acid -- standard fortification for most bread flour sold in the U.S.
- **Whole milk:** calcium, vitamin D (if fortified), and vitamin B12.
- **Egg:** vitamin A, choline, and additional B12 and selenium.
- **Butter:** a modest source of vitamin A.

The rice-paste topping is gluten-free on its own, but this recipe as a whole isn't -- it's a thin, mostly-water layer that adds little beyond what's already in the roll underneath.

Estimated, USDA-derived figures — not a lab-verified nutrition label. Baked fresh, no preservatives.
