## Hidden Fogbank, Crackling Tiger

## *Ike's-Style Dutch Crunch Sandwich Rolls -- San Francisco's Adopted Tiger Bread*

|                                           |                 |             |
|-------------------------------------------|-----------------|-------------|
| Bread flour (for tangzhong)               | 50 g            | 10%         |
| Bread flour (main dough)                  | 450 g           | 90%         |
| <b>Total flour</b>                        | <b>500 g</b>    | <b>100%</b> |
| Whole milk (for tangzhong)                | 250 g           | 50%         |
| Whole milk (main dough, additional)       | 50 g            | 10%         |
| Egg (about 1 large)                       | 50 g            | 10%         |
| Active sourdough starter (100% hydration) | 100 g           | 20%         |
| Unsalted butter, softened                 | 60 g            | 12%         |
| Sugar                                     | 40 g            | 8%          |
| Fine sea salt                             | 10 g            | 2%          |
| <b>Total dough weight</b>                 | <b>~1,060 g</b> |             |

**Dutch Crunch rice-paste topping -- rice flour, water, instant yeast, sugar, oil, salt (see steps)** ~236 g

Total dough weight ~1,060 g suggests ~175 g/roll dividing evenly into 6, but scaled portions run closer to ~150-155 g raw in practice (some dough is lost to the bowl/hands) -- or 8 smaller rolls (~130 g each), trimming bake time toward 18-20 min. Start checking internal temp at 18 min either way.
